### **Benefits for Individuals**

Our optional plan offers direct billing to employees, eliminating hassle for both employers and staff.

No cost or administrative burden on employers - we've simplified implementation.

Designed for today's diverse workforce, our inclusive plan requires no minimum work hours. Perfect for part-time, seasonal, casual, or shift workers, it ensures everyone has access to top-tier healthcare. Plus, employees can retain the plan post-employment, ensuring their coverage continues.

## New Employment

Just like group benefits, you must apply within 90 days of starting your job to qualify.

## Open Enrollment

Newly aware businesses will be provided an open enrollment period for all existing staff regardless of their employment start date.

# Top-Up Existing Coverage

If you already have group benefits, you may apply anytime as a top-up to your existing group benefit coverage.

## The Advantage of a Hybrid Plan

## Typical Group Benefit Plan

No health questions, and we cover your pre-existing conditions with guaranteed acceptance.

Employer controls the outcome of coverage, if any. All employees must take the coverage to qualify.

You are not able to take your benefits with you if you leave your employment.

# ClearBenefit's Individual Plan

No health questions, and we cover your pre-existing conditions with guaranteed acceptance.

No employer inputs required and there are no minimum participation requirements among staff.

You are able to take your benefits with you, regardless of future employment.

## Traditional Health Plan

Health questions are required and all pre-exiting conditions will be excluded from coverage, if you are accepted.

No employer inputs required and there are no minimum participation requirements among staff.

You are able to take your benefits with you, regardless of future employment.

## Why Choose ClearBenefit's Individual Group Benefit Plan?

### **Universal Pricing, No Age-Based Premiums**

At ClearBenefits, we believe in simplicity. That's why our plan is priced uniformly for everyone, irrespective of age. We don't increase premiums based on your age, ensuring fairness and consistency for all our members. While our Benefit Plans face similar cost pressures such as inflation, rising healthcare expenses, administrative requirements, and insurance claims, we ensure there are no premium spikes due to age banding.

### **Adventure Coverage**

ClearBenefits' Individual Benefits Plans offer extensive coverage, including a 60-day trip limit with up to five million dollars in out-of-province and country travel coverage. Whether you're an occasional traveler or a seasoned adventurer, our plans have you covered! There are no restrictions on the number of trips you take, and for those planning longer journeys, we provide travel top-up options to extend your coverage.

### **Flexible Plan Designs**

Understanding that health insurance needs evolve over time, our plans come with built-in flexibility. Every two years while on the plan, you have the option to switch to another plan design. This way, you're not locked into the same plan for life, adapting as your needs change.

## **Continued Benefits Beyond Employment**

Once enrolled with ClearBenefits, your benefits are no longer tied to your employment status. Whether you change jobs, retire, quit, or stop working for any reason, your benefits remain intact. We bill individuals directly, allowing you to retain your benefits for as long as you desire, up to age 70.

### **Tax Deduction Benefits**

All premiums paid towards ClearBenefits plans qualify as a tax deduction for you, the employee, offering an additional financial advantage.

## **Our Plan Options**

Plan Option 1: Life, AD&D and Extended Health

Plan Option 2: Life, AD&D and Dental

Plan Option 3: Life, AD&D and Extended Health + Dental
